

## Scolcoin (SCOL) Proyecto Social Descentralizado Origen Colombiano con una Nueva Apuesta 2.0

The Scolcoin project was born on January 3, 2018, a hybrid cryptocurrency (POW and POS) with Script algorithm, total supply is 80,000,000 SCOL and coins in circulation is 68,760,000 SCOL, currently it is Proof of Stake (POS), a Ecological mining that does not consume large amounts of energy such as Bitcoin (BTC), which is why it is called the Ecological Colombian Cryptocurrency, its Reward is 10% Annual thanks to the evolution and development during 4 years, currently it has a price of 15 Sat ( 0.01US) with a [Marketcap](#) 507,600 UST, is a strong project, with great allies and projection, in its [Whitepaper](#) in the version [2.0.0.2](#) makes a great innovation for the Latin market with double blockchain in parallel, a mining pool and investment funds in a backup token.

### Enhancement to the Scolcoin 2.0 Network

- POC > Proof Of Commerce
- POR > Proof of Reward
- POI > Proof of Invest
- POT> Proof Of Trade

Great changes to Grant Scol Nativos for being an active part of the Scolcoin community, the Rewards are in decimals and have a frequency according to their characteristic.

### Proof Of Commerce (POC)

Many international traders and traders are joining because of the importance of our project in the country's economy, that is why our community creates tools to reward traders who accept our project or have alliances.

#### Requirement:

- 1 PC with the Wallet open to receive the rewards

#### Terms:

- 1 The Merchant must accept Scolcoin publicly (Web and printed QR).
- 2 You must have a Super Node, PC Wallet, Online Wallet or Android Wallet to receive customers' scol.
- 3 Have a Physical or Virtual presence where we can locate them on the map and Recommend them.

### Profits:

- Instant replacement, as the business is already registered in our BD, we will make an immediate transfer as soon as the Scol is sent to our exchange address.
- Advance Purchase Plan, in some businesses our project will make an advance purchase for values from 5,000 to 100,000 pesos for the use of our community.
- The community rewards companies and offers them their own Marketplace with the subdomain of our project so that they can be identified with our social brand.
- The Direct Reward that the community donates to reward companies with the best ratings for scolcoin customer service.

Reward Each Positive Rating of your trade gives you a prize in our social asset recognizing your contribution to the scolcoin network.

Link: <https://scolcoin.net>

### Proof Of Reward (POR)

We currently have a faucet where all registered users receive decimals every 7 hours to their wallets, the way to access is through

Link: <https://scolcoin.com/faucet/>

### Proof Of Invest (POI)

We reward investors with the largest wallets within the wealth distribution that are in the top from **1 to 20** with monthly incentives (Automatic payment on the last day of the month).

### Proof Of Trade (POT)

In many projects there are master nodes, our project implements Trade participation, it is a **PoolBEP20**.

### Requirement:

- Have Scolcoin Nativas or acquire them.

### Terms:

- The user must Register in the Pool.
- Register the wallet where you will receive the Reward.
- Make The Investment by acquiring Scolcoin Nativos.
- The Mining Pool can only withdraw the coins each phase (2 years).

### Scolcoin Multiblockchain:

A backup token is created in parallel to the mining pool **PoolBep20** [Whitepaper Token Scolcoin](#).

### Mining de Minería

PoolBEP20, was developed to concentrate the power of the Proof of Stake of Scolcoin Nativo, users send their funds to the Pool's wallet SZoZvuRvD7aoPPVBZr89vAVb9wnCL8aGEW with a current rank of position 6 of wealth, entering their hash with minimum requirements and the maximum profitability of 20 % over a period of 2 years (Monthly Reward Payment POS).

Link Registro <https://pool.scolcoin.com>

*Convert native SCOLs to tokens, 1: 1 ratio. Earn commissions of 0.17% by entering the liquidity pool of the token in the delfi.*

### Reward distribution (Staking)

Every 30 days we distribute the rewards generated on the native Scolcoin blockchain among all participants based on their Scolcoin token position. These rewards are distributed in Scol Nativo to the wallets registered at <https://pool.scolcoin.com> of the users.

### Withdrawal of funds

You will be able to exchange your Scolcoin token for Scolcoin Nativo when the first phase 2 years ends

### Investment (Liquidity Fund)

A Scolcoin collective investment fund also called Decentralized Exchanges Liquidity Provider (DELFI), this block consists of collecting funds from different investors, natural or legal, to leverage the Token Scolcoin asset in the DELFIs current with

different pairs, managing to capitalize the project through a 2-year tenure, receiving direct rewards to their wallets with Scolcoin Nativo, through mining in proof of stake 10% per year. the resources will be applied directly in the form of liquidity in different pairs. Liquidity providers earn trading and participation fees.

### **Liquidity Providers earn trading commissions**

Providing liquidity gives you a reward in the form of trading fees when people use your liquidity pool (your aggregate currency pair). Every time someone trades on PancakeSwap, the trader pays a 0.25% fee, of which 0.17% is added to the Liquidity Fund of the swap pair they traded on..

### **Trading Liquidity:**

Providing liquidity gives you a reward in the form of trading fees when people use your liquidity pool (your aggregated currency pair).

### **Referral by Investment**

The commissioners of the liquidity fund when registering their guests who carry out the process will have a direct commission to their wallets in native scolcoin of 3% to 15% of the investment made to the fund.

To Register the referral you only need to supply the investor's wallet, his wallet and the amount acquired by his referral accompanied by the Hash provided by the block explorer in the Exchange or in the Scolcoin Nativo Wallets.

### **Referrals Table**

- **Commission 15% for amounts less than \$ 1,000 USDT**
- **10% commission for amounts between \$ 1,000 and \$ 3,000 USDT**
- **5% commission for amounts between \$ 3,001 and \$ 10,000 USDT**
- **3% commission for amounts over \$ 10,001 USDT \*\*\*\***

**Note:** all commissions are paid in Scolcoin (SCOL) Nativo
